## Identiflo LITE

**Identiflo LITE was created to assist valued customers who may have price sensitivity. It is an annual-subscription, pre-pay model that allows companies to purchase verification checks in “bulk.” Plus, there are no upfront costs or start-up fees.**

The pre-pay method is simple and straightforward. All usage is combined until \$1000 is reached. Either upon usage of \$1000 worth of checks or at the end of the subscription year, the Identiflo LITE user can purchase another bulk of CIP checks for \$1000.

In order to continue to offer an affordable system that meets the needs of lower-volume clients, we have further reduced our per-click pricing by 15% in the Identiflo LITE model.

Identiflo LITE users still have access to Identiflo’s robust system, allowing companies to easily meet their compliance requirements with the unique workflow tools.

### **Identiflo LITE Qualification:**

- Under 1200 CIP checks (including Individual and Corporate) performed per year through the Customer Verification Module

### **Identiflo LITE includes:**

- 1 hour of on-line training per year
- 1 hour of technical and customer support per year
- Access to PA Compliance’s online training tools

Please contact a PA Compliance Representative to find out why Identiflo LITE is the easy choice for your lower-volume compliance needs. **Contact PA Compliance for a free, quick online demonstration at 800-339-8610.**
